Love Letters

You yourselves are our letter, written on our hearts, known and read by everyone.

2 Corinthians 3:2

Is your love letter written in pencil...without an eraser?

With so many words scratched out you can't make sense of it?

Join your sisters as we explore the many faces of love—the beautiful, before and after makeup, and the not-so-beautiful—as creative women share through song, poetry, and powerful stories. You'll enjoy a great brunch, laugh with new and old friends, and shop to support great causes!
